FEATURE HIGHLIGHTS

Exterior Wall Design

The exclusive automotive-inspired styling is designed with Class-A Aluminum panels to stand out on the water and take fit-and-finish to a whole new level.

Sport Bimini

Every Explore model comes standard with a gas assisted, easy to use Sport Bimini that offers 12 feet of coverage and an approved rating up to 55 mph, so you can stay cool in the shade all day at idle or running at speed.

MAX Deck

Unlocks up to 20% more functional space at the stern available exclusively on models powered with the Rotax S. Easy access for recreational activities, space to store water toys, coolers and more.

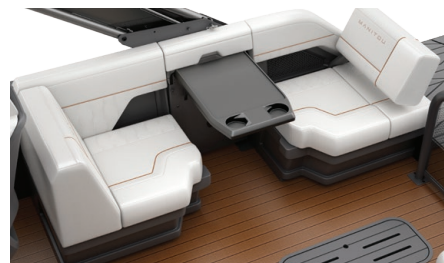

Redesigned Captain's Helm

A new dashboard layout and design dedicates 4 unique sections of the helm to key functions, ensuring that phone charging, radio control, vessel monitoring, and vessel switching are accessible and intuitive.

Integrated Cupholders and Speakers

Newly designed cupholders and speakers have been integrated into the walls to offer an enhanced onboard experience without sacrificing space.

Trifold Bench

The 3-in-1 functionality of the Trifold bench provides a seamless transition between a bench, table, and open space, so you can entertain with ease or just enjoy more leg room whenever you want.
