FEATURE HIGHLIGHTS

Exterior Wall Design

The exclusive automotive-inspired styling is designed with Class-A Aluminum panels to stand out on the water and take fit-and-finish to a whole new level.

MAX Deck

Unlocks up to 20% more functional space at the stern available exclusively on models powered with the Rotax S. Easy access for recreational activities, space to store water toys, coolers and more.

Simtex Seat Vinyl

Simtex seat vinyl comes standard on all Cruise Models. This high quality vinyl is soft to the touch, easy to clean, and stays cool in the sun.

Redesigned Captain's Helm

A new dashboard layout and design dedicates 4 unique sections of the helm to key functions, ensuring that phone charging, radio control, vessel monitoring, and vessel switching are accessible and intuitive.

Switchback Loungers

The flexible furniture design includes Switchback loungers with adjustable backrests to easily convert from rear-facing to forward-facing seats.

Integrated Cupholders

Conveniently placed throughout the boat, the recessed cupholders provide a secure, easy to reach place to set drinks whether the boat is in motion or at rest.
